No Hasty Marriages In Salvation Army.

No love at first sight goes in the Salvation Army. Neither do flirtations. If you happen to be engaged to a girl and break the engagement, then you lose your job with the army.

A great many people think the Salvation Army has no jobs that they would want, but as a matter of fact the army has positions which are filled by officers and which pay large salaries. The plan of regulation is similar to the plan of service used in the United States army, and officers are paid according to their rank. The money with which to pay those in authority is not gathered within the ranks of the army, but by donations from public-spirited people.

All officers of the army are responsible to their superiors for everything they do, even to their private affairs. If an officer wants to marry a young woman he must first get the consent of the higher authorities, who require him to be engaged to the girl at least one year after he has notified them of his intentions. If he breaks his engagement he loses his position and no more permission to become engaged is ever given him.

When a man stands examination to become an officer or to be advanced in office, he is asked three very personal questions which he must answer truthfully: "Are you married?" "Are you engaged?" "Are you courting?" If he is an officer he must promise that his wife will become an officer, if appointed, and serve without compensation save that which her husband earns. If he is engaged he must give evidence that his intended is a faithful member of the army; if she is not, then his application is thrown out. If he is courting then he must send his affianced to a training school to prepare for salvation work. This consumes months, and after that both must promise not to wed until the expiration of one year.

The most remarkable thing about their marriage ceremony is that not a single divorce has been granted any of the thousands in their ranks, where the marriage ceremony was performed according to the order of their ritual. There is nothing peculiar about their form of ceremony except that they promise to place the work of the army above the affection they bear to each other. When a divorced man or woman comes into the army he or she must promise not to marry until the other party to the divorce is dead.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

Reporter—Have you ever held any public office?

Citizen (being interviewed)—Well, I was a pallbearer at a funeral once.—Somerville (Mass) Journal.

MATRIMONIAL.

Tom Sharkey, the pugilist, was married in New York to a trained nurse, who attended him during a recent illness.

Miss Lena Griffin, well known here, was married at Grafton, W. Va., last week to Mr. Claude McBe, of Halleck, that State. Miss Griffin had been teaching at Grafton.

Miss Jennie Wallace, daughter of O. T. Wallace, of Garrard, was married to Dr. Calvin Greer Todd, of Belton, S. C., the nuptials being consummated at the pretty country home of the bride's parents. Miss Virginia Thompson, of Versailles, served as maid of honor, and Ed Walker as attendant.

Prof. Charles W. Bell and Miss Myrtle Britton, both of Harrodsburg, were married by Dr. E. L. Powell at his residence, in Louisville. Prof. Bell is one of the most successful educators in Kentucky. He has been principal of the Harrodsburg Graded School for 15 years, and is also a lawyer of ability and a successful business man.

The marriage of Miss Willis Cecil Nield and Sherley Everton Johnson was very quietly solemnized at "The Grays," the home of Mr. and Mrs. Charles Nield, the bride's parents, at Wilton. It was to have been a large home wedding in Louisville, but on account of the serious illness of the bride's brother, Charles, the invitations were withdrawn.—Courier Journal.

The following is clipped from a Maysville paper. The prospective bride is well known here, having frequently visited her relative, Mrs. W. A. Tribbie: "Rev. and Mrs. W. W. Hall announce the engagement of their daughter, Mary Orear, to Mr. Daniel Hampden Breck. The wedding will be solemnized some time in June. Mr. Breck resides at Richmond, and is a prominent member of the Madison county bar. Mrs. Hall is an accomplished young lady whose many christian graces command for her the love and admiration of her large circle of friends."

Miss Lillian Carpenter, the pretty, popular and petite daughter of Mr. and Mrs. John Steele Carpenter, of the West End of this county, was married to Louisville Monday to Mr. Thomas B. Gallie, a prominent young business man of Tampa, Fla. The happy couple remained in Louisville until yesterday and then went to St. Louis to spend several weeks at the World's Fair. They will arrive in Tampa about the 25th and will go at once to housekeeping in a beautiful home which Mr. Gallie has made ready for his charming bride. Mrs. Gallie is a niece of Mrs. Col. T. P. Hill, of this place, and has frequently visited her. She is well known by our young people and is exceedingly popular with them. The INTERIOR JOURNAL joins the hosts of friends of Mr. and Mrs. Gallie in wishing them all the happiness that can come to a well and happily mated pair.

A beautiful home wedding was that at Mr. Richard Bibb's Wednesday when his youngest daughter, Miss Mary Guerrant Bibb, was united in marriage to Mr. Ben C. Ransom, of Nashville. Rev. W. K. Simpson, of Fayette, Ala., performed the ceremony and there were no attendants. Miss Nancy Ware played the wedding march and during the ceremony. The house was beautifully decorated with ferns, daisies and carnations and the couple stood under a huge bell of flowers when they took the solemn vows that made them husband and wife. The bride, who is one of Lincoln county's most charming young women, wore a traveling dress of champagne pongee. She was an exceedingly pretty bride. Mr. Ransom is connected with the L. & N. in Nashville and is a fine business man. We congratulate him on the treasure he has won. The bridal couple took the train here for Nashville.

"Do It To Day"—The time-worn in junction, "Never put off 'til tomorrow what you can do to day," is now generally presented in this: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Two pitched battles between union miners and soldiers were fought in the Cripple Creek mining region. At Dunnville one miner was killed and 14 prisoners were taken. In a tight near Victor seven miners were captured.

The death of a bride at La Crosse, Wis., was caused by a charivari and serenade by enthusiastic friends.

Twelve men were killed and seven others were injured by the explosion of an infernal machine under the railroad station platform at Independence, Col. A riot broke out at Victor while a mass meeting was being held to discuss the tragedy at Independence. One man was killed and six others were wounded. Later a company of soldiers was fired on from Union Hall. The soldiers entered the building and shot union men. The miners surrendered after their supply of ammunition was exhausted.

Your correspondent will return to Lexington to day.

The Maccabee supper promises to be quite an event. It is to be given Saturday evening, June 11.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Penny, Druggist.

The above is a good likeness of Judge W. R. Carson, who for the past 21 years has served as judge of the Stanford police court, and on account of ill health has been forced to resign. He is one of our oldest citizens and has made Stanford a good judge.

The city council at its last meeting had the following spread on its record book:

"In accepting the resignation of W. R. Carson as judge of the Stanford police court the council desires to express its regret that the condition of his health is such as to require this step on his part, and to tender to him its sincere thanks for the faithful manner in which he has performed the duties of his office and to assure him of its appreciation of him as an officer and a citizen."

The judge will spend the summer in Fayette with his daughter, Mrs. S. P. Stagg.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be moved entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by W. N. Craig.

"In George Washington's place," said the kindly old gentleman, "would you have confessed to cutting down the cherry tree?"

"That would depend," replied the modern youth, "on whether I was caught with the hatchet in my possession, as George seems to have been caught. According to some of the pictures of the incident, I don't see how he had any chance of denying it."—Chicago Post.

Girl with the Gibson Girl Neck—So you are engaged to Jack! You told me once that if he ever asked you to marry him your answer would be a word of two letters.

Some "Hoss Sense."

Reasons why a tin roof, not a sheet iron, is the best roof made:

- 1st. It will last three times as long as the best shingle and will cost very little more.
 - 2nd. It will conduct lightning as good as any lightning rod, if the gutter is connected to a tile, with down spout.
 - 3rd. There is 50 per cent. less danger of fire and it will reduce the insurance enough to pay the difference between it and a cheap roof.
- See S. H. Aldridge, the tinner and plumber, that does the work. Phone No. 116.

Of Lincoln county, is a candidate for the nomination for State Senator in this district, subject to the action of the democratic party.

HON. HARVEY HELM, the next Congressman from this district, spent a portion of yesterday here. In answer to our query, "how are you getting on in your race?" he answered: "I could not wish matters in better shape. I am absolutely certain of carrying Rockcastle, Madison and Garrard. I have a show to carry Boyle and have lots of friends in Jessamine who claim that county for me." Mr. Helm is letting no grass grow under his feet and if he does not win his race it cannot be charged to his failure to present his cause to the voters. He makes a good impression wherever he goes, the boys in the trenches are for him because they know of his good work for his party and the people generally are for him because they believe in rotation in office and in giving the young man a show. Mr. Gilbert has had three terms—abundant time to get much honor and no little emolument out of the office; Mr. Moore doesn't need the office, nor does the office need him; Mr. Helm has the ability, the energy and the fitness and is in every way deserving of the honor. He is the man to nominate and if the democrats of this district use the good judgment they should, and which we believe they will, he will be nominated on the first ballot.

Gov. BECKHAM and his friends won an overwhelming victory at the State convention in Louisville. They organized eight of the 11 district conventions and are in absolute control of the party organization. Gov. Beckham was elected chairman of the convention over Judge Frank Peak by a vote of 817 to 322. Judge Peak having been selected by the anti-administration leaders after the withdrawal of Ben Johnson. Judge Lewis McQuown was made chairman of the State Central and Executive Committees. Gov. Beckham, Senators Blackburn and McCreary and Congressman Ollie James were chosen delegates from the State at-large. The committee on resolutions voted down a

motion to report a resolution instructing for Parker. Mr. Bryan is mentioned in the preamble to the resolutions to satisfy a minority of the committee, who threatened otherwise to present a minority report favoring the Kansas City platform. The delegation to the national convention is required to vote as a unit, but goes unrepresented.

Wright is convalescing and her friends and relatives are much encouraged by her improved condition. C. T. Bohon has returned from a two weeks' tour in Mississippi prospecting. He has bought a large stable at Canton, Miss., and will stock it in time for the fall and winter trade. He reports Yazoo City completely in ashes, but preparing to rebuild.

F. M. Sims, proprietor of "Olympian Springs," near Mt. Salem, informs us that crowds come daily from this and adjoining counties to partake of the life giving waters of his springs. Within the next week he will have as many as 10 rooms ready for rent and will add to this number during the season. The State geologist shows an exceedingly fine combination of minerals in the waters of these springs and we bespeak for them a successful season.

We have an enterprising and progressive people, generous to a fault. Our business men are gentlemen of years of experience and success has attended their efforts, and when calamity stalks abroad and sweeps away with unerring certainty the savings of years of patient toil, they rise phoenixlike, and brushing aside the impeding debris, begin the work of rebuilding, and in such a substantial manner as to command the admiration of the world.

One of the most interesting innovations ever established for the purpose of checking the spread of contagious diseases is that just put in vogue by Dr. VanAredall, the health officer of Jessamine county. An official investigation disclosed the fact that five or six small-pox cases existed at High Bridge and the doctor required the patients to embark upon a house boat, which moves up and down the river and which has been comfortably apportioned and furnished for the reception of patients. By this method all the patients are kept isolated from the rest of the community.

Also a 50 barrel mill in Mercer county, Ky., on Salt River. Steam power, new, up-to-date every particular, and good dwelling with improvements and 20 acres of fine land, close to Southern railroad. Price \$9,000.

No. 76-00 acres of land near Junction City, cut in seven fields, 25 acres in cultivation, rest in grass, a nice young orchard and one of the best grape harvests in Kentucky. Party sold 2,500 pounds of grapes last year. Well watered and fenced good. Close to school and churches. A two-story, six room frame dwelling, good barn, crib, etc., all in good repair. Price \$3,250.

325 acres in Allen county, Ky., on railroad and pike, about 50 acres cultivated, about 125 in timber and grass, and about 150 in grass. Timber and water power, but will make barrel timber, shingles, ties and cord wood enough to pay for the place twice over. A large part is fenced. There are four dwellings of 4 rooms each and one store of two stories with rooms above, has wells and springs of water. Is in 2 miles of county seat and grows tobacco, corn, wheat, grass, etc., for \$2,200. One-half cash.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fifty described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that timber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be exceeded; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract of 17,000 acres to the tract from \$3 per acre to \$10 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, with withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.

W. H. and Grist Mill, Anderson county, Ky., 50 barrel capacity, covered with iron, built 8 years ago. Steam and water power, the latter 8 months of the year. It is an up-to-date roller mill, with burrs for corn and meal bolt. The engine is of 7 years run; 14 acres with the mill including what is with the house of 5 rooms. The Christian church is asked this year for \$250,000 for American Home Missions, of this amount the Sunday Schools are asked for \$60,000, which they will likely give, as last year they gave nearly \$52,000.

The Sunday School children of the Christian church observed "Children's Day" last Sunday evening by rendering a very interesting and attractive program of songs, recitations, etc. The ladies who had the training of the children in charge deserve praise for their faithfulness and success as well as the children who acquitted themselves with credit.

Rev. O. M. Huey pastor of the Baptist Church at Stanford, filled the pulpit of the Upper Street Baptist church yesterday and greatly pleased the good audience which came out to hear him.

Mr. Huey is one of the most powerful speakers of his denomination. He is especially a worker among the young people and is beloved of all in his town. His sermon yesterday was unusually impressive. Mr. Huey is a man of fine perceptions, a vigorous thinker and of quick action, possessing a sympathetic nature and a kindly word for all.—Lexington Democrat.
